

## **Best Corn Salad EVER!**

*- from Denise's Kitchen*

### ***Ingredients:***

- 3-4 (15 oz) cans of organic corn, drained
- 3/4 cup of chopped organic onion
- 1 cup of chopped organic bell pepper (I use a combination of red & green to make it colorful.)
- 3/4 cup of chopped organic celery
- 6 oz of diced pimento, partially drained
- 1/2 cup of organic sugar
- 1/2 cup of organic apple cider vinegar (a bit less!)
- 1/2 cup of light tasting oil (I like grape seed.)
- 1 tsp of sea salt
- 1/2 tsp of black pepper

### ***Directions:***

Mix together in a large bowl the corn, onion, bell pepper, celery & pimento. Then, whisk together in a small bowl the sugar, vinegar, oil, sea salt & pepper. Pour the ingredients in your small bowl over the corn mixture in your large bowl. Let stand overnight. Salad will be very moist, so you may want to provide small bowls when serving it. It's truly delicious...crunchy & sweet. Great at a summer picnic!
